

Dear Listener and Supporter;

Here it is the end of another exciting year. We hope and pray that it was a good year for you. Let's take a look at what has happened at KADV this year and what we look forward to in 2007. I, Jerry Moore, have been on a special project that has kept me away from KADV since May, which prevented communication with you as I should have or would like to have. However, my absence has taught me the value of staying in touch.

We have held our own over the year, I thank God for sending us Dee Hamner to pick up those things in the office that I would have been doing. Thanks to generous supporters we have a replacement for our on-air computer and production computer.

We asked you to tell us: How Are We Doing? – Listener Comments...

"I enjoy the programs because they edify and encourage me in my walk with the Lord. Some of the programs add joy to my day and others offer solid Bible teaching. In addition, they inspire me to reach out to others, saved and unsaved, to share Jesus. Your music is wonderful because it exalts and magnifies Jesus."

"In particular...I like the focus of KADV as it features both programs and music that center on God and help draw us closer to Him daily."

I pray that KADV will continually be blessed in their efforts and endeavors this year."

Listeners have told us that you want more information on the songs you hear on KADV and to hear more from us in general.

Now for a look forward into 2007...

We are looking to working on many projects that have been put on hold with my absence, which need your financial support and time if possible. But most of all we need your prayer support for directing the station where God leads. Here are the projects we are excited about:

- Our transmitter and antenna will be moved to the cell tower 200 feet north of the current tower. The city will only allow one tower on the property. We will need some people to help with our part, but the tower company will pay the cost of the move not KADV.
- The move of the transmitter will open up the space for us to use as studio and office space. This will allow us to add at least one new workstation for students. To make this a reality we are going to need your help with the construction of the office/studio area and probably \$10,000 for material.

- ❑ On a more personal note,
 - I am making it a priority to contact those of you that have expressed an interest in giving you time to help out at KADV.
 - I will find more and better ways to keep in touch with you.
 - I am planning to host a segment of the day and find others to do the same so that you will hear a voice. With this we will be better able to keep you informed about events in our area.
- ❑ Again on a personal note, as you might know Dee has been volunteering about 30 hours a week here at KADV. However, Dee has had a change in her family that will require her to find a part time job to supplement the family income. My prayer is that if it is God's will with your support and an added emphasis on underwriting we might be able to offer her that job at KADV.
- ❑ With God's help we can find ways to make ourselves more productive.

How You Can Help...

- ❑ We extend our many thanks to students and listeners who have stepped forward to help the ministry of KADV – Helping Families Succeed.

With your help we have been able to begin the task of refreshing our Music Library and adding the Christmas music we missed last year. These and other projects were wilting from benign neglect as the existing staff focused just keeping KADV on the air.

Your time doesn't need to be an on-going commitment, just drop by when you have a spare hour and help us continue to bring new life to the Music Library and other projects.

Our prayer is that God will send someone or even several someones to help us. We welcome all of you.

Can you spare some time to come over and help out?

- ❑ We also send our many thanks to all of those who have sent donations in response to our July Newsletter.

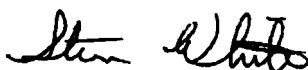

We continue to need funds for operation and projects including remodeling our studios and upgrading our remaining six year old computers.

With the year end approaching we know that some of you are evaluating your budget for contributions. We pray that you will consider how KADV 90.5 FM has blessed you and consider including KADV in your Tax Deductible year-end donations.

With God's Blessing,

Jerry Moore
